TOURIST INFO

BRAȘOV & AROUND

BLACK CHURCH

One of Brașov's main tourist attractions, the Black Church is one of the most representative Gothic architectural monuments in Romania, dating back to the 14th–15th centuries. With a length of over 89 meters, it is considered the largest Gothic construction in Southeast Europe.

BRAN CASTLE

Bran Castle is one of the most famous landmarks in Transylvania, and is known as the home of Count Dracula. The 14th-century hillside castle and fortress, however, actually houses a collection of furniture and artworks that once belonged to Marie, Romania's last queen

PREJMER FORTIFIED CHURCH

Prejmer (Tartlau Kirchenburg in German) is the largest fortified church in southeastern Europe. It was erected, in a cross-shaped plan, by the Teutonic knights in 1212–1213. Later, Cistercian-style decorations were added. The nave features late-gothic vaulting. Access to the courtyard was through a 100-foot long arched passage secured by two rows of gates. The red-roofed fortification has 275 rooms on four stories – spread across four storeys

POIANA BRAȘOV

One of Romania's most popular tourist resorts located at an altitude of 1,030 metres (line 20 – ticket price: 5 lei/1 e/trip) (line 20 – ticket price: 5 lei / approximately €1 per trip) departing from Livada Poștei in Brașov city. It is a 12 kilometre trip.

The beauty of the landscape, as well as the amenities that meet the high standards of modern tourism have turned Poiana Brasov into the most important mountain resort in Romania, which is also renowned internationally.

Poiana Brasov possesses the densest and most modern mountain accommodation facilities for tourists and the largest ski area in the country.

RÂȘNOV FORTRESS

The Râșnov Fortress was first built as a castle by the Teutonic Knights in the years 1211–1225. Râșnov was mentioned for the first time in 1331 as Rosnou and again in 1388 as villa Rosarum. While the village was razed many times in its history by Tatars, Turks and Wallachians the fortress was conquered only once, in 1612, by Gabriel Bathory.
